

World Water Day celebrations at ICAR-NBSS&LUP, Nagpur

The World Water Day was celebrated at ICAR-NBSS&LUP, Nagpur by organizing a lecture by Eminent Scientist Dr A K Singh, Vice President NAAS. Dr C D Mayee Former Chairamn, ASRB graced the occasion as a Chairman. Dr Singh in his erudite address sensitized the audience about serious water problems that India is facing as a nation , especially agriculture sector. He touched upon many aspects like water pricing, river connectivity, groundwater goveranace. Possible and feasible solutions to the problems were discussed. The audience included Scientists, Tech Officers from 5 regional centres of the Bureau. Dr B S Dwivedi, Director, NBSS&LUP greeted the Guests and participants. He opined that Ecosystem services of water need to be valued in economic terms. After the speech, an interactive session was held to discuss the important issues related to water as a precious natural resource.
